HOW TO MANAGE COOKIES FROM THE BROWSER

Delete cookies from the device	Cookies that are already on a device can be removed by clearing the browser history, thereby removing cookies from all websites visited. However, some of the saved information (for example, login details or website preferences) may also be lost.
Manage cookies site specific	For more precise control of site-specific cookies, users can adjust their privacy and cookie settings in the browser.
block cookies	Although most modern browsers can be configured to prevent cookies from being installed on devices, this may require manual adjustment of certain preferences each time a site or page is visited. In addition, some services and features may not work properly (for example, profile logins).
